 - Ask questions about the upgrade in [the Community Forum for the upgrade](#)

Attendance Reporting

- IL Student Attendance V1 released
- IL Student Attendance V2 will be implemented over the summer, in time for 2019-20 support
 - Hospitalized and Medically Homebound attendance should be tracked in PowerSchool with unique codes so they are excluded from V1 reporting (do NOT map to existing PR, EX, UX codes), per ISBE's updated attendance rules
 - Manually enter the counts on the ISBE web site, if applicable

Concurrent PDA

- Concurrent PDA functionality is added to various enrollment pages. Process: Create a new enrollment, save, and then edit the enrollment to add the Concurrent PDA data
- Use Concurrent PDA to track entry/exit for classes taught in the Home School but with a different Serving School (CTE, for example)
- Concurrent PDA will report attendance for the PDA segment
- Differs from Concurrent Enrollment
 - Concurrent Enrollment is for students that are taking classes at a different campus in the district or out of district. **Typically, the attendance is not collected for these students in PowerSchool – Update, this is not always the case...**
 - **Based on feedback, this plan for Concurrent Enrollment is no longer valid:** Concurrent Enrollment will not report attendance at this time. However, a report is being created that will serve as a template for the Student Attendance report
 - **Updated plan:**
 - Concurrent PDA functionality will also be added to Concurrent Enrollment. In addition, the Student Attendance report will generate records based on the Current Enrollment/PDA records and split the attendance counts accordingly.
 - For Schools where attendance is not collected, an Exclude from Attendance flag will be added
 - For individual students who you do not want to report attendance for, but do want to locally track attendance, a student level Exclude from Attendance will also be created
 - The proposed template or placeholder report for Concurrently enrolled students where no attendance is collected is on hold. We will revisit in 2019-20 once districts have a better idea of how the Home School vs Serving Schools will manage attendance for these students.

New EOY Reporting

- Replaces eReport Card (IL School Report Card in PowerSchool and IL EOY Report)
 - Big change appears to be an ESSA requirement to report data by campus (which we already do)
- Bulk of the data is reported to ISBE via other means
- Next webinar is May 14th

2019-20 ISBE Support

- Here's what we know...
 - Career and College Readiness
 - PowerSchool will create a data entry page to support. GPA will likely be calculated, remaining fields will not
 - Seal of Biliteracy
 - PowerSchool does not provide a state mandated transcript.
 - Seal can stored in PowerSchool and added to your transcript
 - Gifted and Accelerated
 - Waiting on ISBE...
